A long-exposure photograph of the San Francisco International Airport terminal at dusk. The terminal's distinctive white, ribbed roof structure is prominent, with the words "SAN FRANCISCO INTERNATIONAL" visible on the glass facade. The foreground shows a multi-lane highway with vibrant red and orange light trails from moving vehicles. The sky is a deep twilight blue.

## Purchasing and Contracts

### **Responsibility:**

- **Materials and Supplies**
- **General Services (Security/ Pest / Training)**
- **Vehicles and Equipment**
- **Professional Services**
- **Construction Related Services**

## RPD Professional Services

### Professional Services (Capital and Operations Divisions)

- Capital Division utilizes DPW in-house staff or DPW administered A/E contracts for design-related services.
- RPD Operations issue a small number of construction related design service contracts. Current contracts issued or in process through RFPs include the following: Portsmouth Square, Willie Woo Wong, Marina Yacht Harbor Design Services and Gene Friend Recreation Center. All contracts include LBE subcontracting goals.

## Professional Services

- As-Needed Historic Resource Evaluation Pool – 1 LBE Prime/4 consultants (25% LBE subcontracting goal for all contract).
- As-Needed CM Pool – 2 LBE Prime / 4 consultants (25% LBE subcontracting goal for all contracts).

## **Construction Contracts**

### **Micro-Set Aside:**

RPD solicits CMD Micro-Set Aside contracts for approximately 50% of our construction contracts.

Recent examples of projects include field irrigation, tree removal, paving, small park renovations and various facility maintenance projects including pumps and boilers.

.

## Formal Construction Contracts

- Most large recreation center and playground renovations in excess of the formal construction threshold amount are administered through the Department of Public Works, however, we do issue solicitations for some of these projects directly. Most often these are landscape construction related projects.
- Regardless of our contracting pathway, all solicitations are posted on the SF City Partner website. <https://sfcitypartner.sfgov.org>

# Mission

---

Our mission is to provide our customers with high quality, efficient and reliable water, power, and sewer services in a manner that is inclusive of environmental and community interests, and that sustains the resources entrusted to our care.

San Francisco Public Utilities Commission provides retail drinking water & wastewater services to the City of San Francisco, wholesale water to three Bay Area counties, green hydroelectric & solar power to Hetch Hetchy electricity customers, and power to the residents & businesses of San Francisco through the CleanPowerSF program.

We are comprised of three essential 24/7 service utilities: Water, Wastewater and Power. These functions are supported by the Business Services, Infrastructure and External Affairs bureaus.

San Francisco Public Works

# Public Works Background

- **San Francisco Public Works was created on January 8, 1900, with the original bureaus being Streets, Lighting, Building, and Light & Water Services. Currently, Public Works designs, builds, maintains, and improves the City's infrastructure to keep San Francisco beautiful, safe, and sustainable for residents, merchants, and visitors.**
- **Public Works oversees more than \$2.6 billion in construction projects across the City of San Francisco that are either being designed, managed, and/or built.**

# Encouraging Local Participation

Public Works consistently encourages LBEs to participate on contracts, helping to exceed LBE participation requirements. An example of this is street improvement projects, which start with a benchmark LBE subcontracting requirement of 25%. To encourage LBE participation, Public Works often advertises Invitations for Bids in the Small Business Exchange. Public Works also sends advertising notifications for Construction projects to Minority Business Development Agencies, Builders' Exchanges, and plan rooms.
